Some More Hail

—o—

About one a.m. on Sunday morning hail did considerable damage north and north-west of Strathmore. The storm seemed to be in two sections, one following the township line between M.D.'s Keoma and Bow Valley, and the other following the Servicceberry Creek. The damage in most cases is partial, but on some fields the loss is heavy.

Among those affected were Messrs Kent, Lowry, Layeraft, Hagen, S. Chamberlain, J. C. Bosmans, Galpin, C. Way, W. G. Way, E. E. Thompson, T. Barry, Browers, Dancey, T. E. Wright, W. E. Mercer, D. E. Gray, H. Bailey, W. A. Freeman, Tom Chamberlain, A. P. Bush, Jos. Van Tighem, J. B. DeKort and others whose names we have not yet ascertained.

Outside of crops effected by hail, conditions throughout the district are O.K. Wheat is now fully headed and prospects are for an early harvest.

—o—

SERVICE TO BE HELD IN PARK

Strathmore Anglican and Union Churches are uniting on Sunday evening, when services will be held in the Park. Rev. Mr. Evans, one of the Chautauqua lecturers, will preach, and everyone is invited.

—o—

Donations to Prize List

In the list given last week of donors to the Stampede Prize Fund, the following were inadvertently omitted: R. Fox, (cash) $25.00; Barbor and Craddock, (in trade) $28.00.

—o—

Best Bucking Horse

The prize for the best bucking horse was won by Jim Young, Gleichen, with "Peacock".

—o—

Doctor (about to write out birth certificate)—Let me see, it's the 27th, is it not?

Indignant Mother—Not at all, it's only the ninth.

CARSELAND NOTES

—o—

Carseland had a good week of baseball this week. On Friday the team journed down to Gleichen, and defeated the Gleichen boys by a 10-5 score. The game was close most of the way but clean and worth watching.

An exciting game was played with Gleichen on Sunday afternoon in which Carseland again emerged as victors, but this time by a very narrow margin, the score being 4-3. Carseland is now at the top of the league, and has every expectation of staying there.

Mr. Geo. Coyle, manager of the local branch of the Union Bank, is back on the job again, after a couple of weeks relieving at Langdon.

Practically everyone from Carseland district took in the Strathmore Stampede on Thursday.

—o—

STRATHMORE SCHOOL BOARD

—o—

An adjourned meeting of Strathmore School Board was held in the Town Hall on Saturday. All the trustees were present. Chairman A. W. Girvin presiding.

The Board decided to appoint Miss Stella Ewing, Irricana, to the vacancy in Grades 5 and 5, and to advertise for a male teacher for grades 8 and 9.

A by-law was passed authorising the Board to borrow the sum of $3500 for the purpose of building a teacher's residence, and for the provision of a system of chemical closets, and other improvements. This bylaw will have to receive the approval of the Public Utilities Board.

—o—

GLEICHEN WINS

Strathmore threw away a game to Gleichen last night, thus imperilling their chances of taking second place in the Bow Valley League. Gleichen got four runs in the first and three in the second innings, all through errors, and this was their total score in the game. Strathmore got four runs later, but were unable to overcome the initial handicap.

Irricana News

—o—

A "Sundown" picnic was enjoyed by a large number of local openair enthusiasts at Cut Bank Lake, on the ranch of Mr. Harold Honens on Wednesday evening. Weenies and Sauerkraut predominated in the well-filled hampers. After participating in dancing, singing, and boating, the happy gathering dispersed, arriving home at midnight.

Miss Billy Cameron, sister of Mrs. A. Archibald, has returned to Calgary.

Councillor S. J. Ewing has commenced road work in his district.

Mr. Hugh Miller, and Mr. Fred Davis, ex-M.P., attended the Strathmore stampede.

Mr. F. M. Widner will begin cutting rye in a few days.

A haying crew are busy on the H-H ranch, with Harold Honens in charge. Mr. Honens states that hay is fairly plentiful.

Bishop George C. Long attended a district meeting of the Church of the Brethren at Gleichen. Mr. A. C. Scratch accompanied Mr. Long.

Miss Dorothy Davis has as her guests at her father's farm, the

THE STAMPEDE BALL GAME

The evening of the Stampede had all the features of a three ringed circus, for the ball game was going on at the same time as the stampede events on the other side of the road. It was a real snappy game, and though Rockyford emerged victors by 9-1, at no time did they evince anything like an overwhelming superiority. Altight ball was played by both teams in the first three innings, no score being registered. Rockyford collected three in the fourth, however, and no further runs were registered until the eighth, when Rockyford registered two and added four to their score in the last inning. Strathmore collected their solitary tally in the ninth.

"Lefty" Brown pitched a great game for Rockyford, and Callahan also held down his former team mates well though he was somewhat upset by a incident that happened in the last half of the game and which no doubt upset his play. Earl Browns, the Rockyford manager, was up to bat, when he was accidentally struck by a pitched ball. Instead of taking his base, he walked up to Callahan and struck him a blow on the mouth. The crowd were very indignant, and play was not resumed until Browns was sent to the bench for the rest of the game. Andy Baxter, an old-time Strathmore player, and now manager for the Calgary Hustlers, held down first base for Strathmore.

Following was the score by innings:

Rockyford	0	0	0	2	0	0	0	2	4	—9
Strathmore	0	0	0	0	0	0	0	0	1	—1

Rockyford—Browns, r.f.; Kennedy, l.f.; Knight, 2nd b.; Relsch, c.f.; Smith, c.; Brown, p.; Walker, s.s.; Miller, 3rd b.; Bushman, 1st b.

Strathmore—Jenkins, 2nd b.; Breen, 3rd b.; Buker, s.s.; Baxter, 1st b.; Smith, c.f.; Loucks, r.f.; Gray, l.f.; Kimmett, c.; Callahan, p.

Umpire—Chick Miller.

CLAUDE SCHELL

"A Gilted Tenor Appearing with the Going-Hall-Gorman Company."

Mr. Claude Schell is a baritone singer and a member of the Gaillard-Hall-Gorman Whitmarsh, Senior Memorial Singers of Level of cord fame. He has been championed in Mr. Schell's case by many notable experts on account of that resonance and exceptional timbre in his voice which distinguishes his singing. Appearing with the Misses Gorman, Hall and Epperson, a brilliant programme will be given of good variety, of artistic merit and of pleasing entertainment features.

Strathmore Stampede Is Huge Success

—o—

Weather Conditions Ideal and Big Crowd Attends.

Never before has Strathmore had so many visitors in one afternoon as on last Thursday, the date of the big stampede. It is computed that over 2,500 people watched the various events, and between three and four hundred cars lined the race track from end to end.

Many of the best riders in the West participated in the programme, and the sport was good, the spectators being well pleased with the entertainment afforded.

The dance in the evening was very well attended, the net proceeds after all expenses had been paid, being $185.

During the day Strathmore Citizens' Band, strengthened by several noted players from Calgary, rendered fine music.

The refreshment concessions were handled by the G.W.V.A. boys, and they did a roaring business, and the large stock laid in the preparation for the day was sold out before the sports ended.

The site chosen by the stampede proved ideal, every person having a good view of the whole track, while the bucking and steer riding were in the centre of the grounds.

During the whole day there was no accident, and the committee are to be congratulated on the arrangements going so well. Special credit is due to Mr. F. A. Cott, stampede manager, who had been working continuously for days beforehand getting things lined up, and who was on the job the whole day.

As a result of the Stampede the Memorial Hall Fund will benefit by an amount which is not yet exactly estimated, but will be over $1,500.

The various restaurants, etc., in town had a busy time during the evening, supplying the inner wants of the visitors, and the local stores which were open in the forenoon, and also in the evening, did considerable business.

The Parade

The opening event of the afternoon was the parade from the Memorial Hall to the Stampede Grounds, headed by the band, and comprised a number of whooping cowboys and cowgirls, Indians, old timers of the district, chuckwagon from Crowfoot, etc., and it was a fine color spectacle.

Racing Events

The eleven racing events were pulled off in good time, and there were some good finishes.

First was the half-mile Indian race, which was won by Donald McMaster, with Bear Robe half a second behind.

A big entry was in for the half-mile free-for-all, and this race was divided into two heats. The first was won by A. O. Hicks, with Payne second. The second heat was won by L. Winter, with Alversen second. In the finals the winners of the two heats split the prize money, Winters being first, Hicks, second, and S. Groves, third.

There were many entrants for the pony race, half mile, and this was also run in two heats. The winners in the finals were: 1st, J. Grant; 2nd, S. Groves; 3rd, G. Brown.

The mule horse race did not attract so many entrants, but was a close finish, and was won by W. Martin, Percy Wright being second, and T. E. Unwin third.

The school boys' pony race was won by G. Grant, Frankie Cowell being second, and Eddie Collison third.

The mile Indian race was won by Bear Robe, time 1 minute 48 seconds, an Indian bearing the euphonious name of Pass-On-Nose being a good second in 1.50.

The mile and a half relay race was good sport. Walter Miller had a scheme of his own in tying the cinch to the horn of the saddle, and was eight minutes ahead of the second man in. Ray Miller, W. Martin was third.

The girl's race was a close one, Mildred Myers finishing first, with Katherine McBean half a length behind. Third prize was taken by N. Schultz.

In the Shetland Pony race, Frankie Cowell finished first, D. Huebschwerlin second, and Dick Cleeve third.

Indians took first and second in the half mile cowboy race, with Teddy Yellowfly and Donald MacLaser in first and second place respectively. A. Miller took third.

Dick Cosgrave took first for best dressed cowboy, and Miss Tiny Dougan first for best dressed cowgirl. The prize for the best saddle horse on the field, presented by Mr. A. Layzell, was won by Geo. Smith.

Bucking Contest

The big event of the day was the bucking contest, held after the racing events, for which there were seventeen entrants, including the best riders in the Province. The bucking was somewhat slow in getting under way, on account of a dispute about the entrance fee, but this was finally paid, and J. A. Vernon, of Calgary, had the honour of taking the first horse out of the shute. The name of the horse was "I'm Sick," and he acted up to it, for after some very moderate bucking he could not be induced to keep it up any longer. Pete Vandermere, the Canadian Champion, got a live one for his, when he took Croppie, but though the horse was a live one, Pete showed that he had earned his title by staying with it.

The first cowboy to be thrown was Kissenger, of Calgary, who struck a real bad one in Weasel, and went off on the first jump, making a beautiful dismount, and landing on both feet.

Dick Cosgrave of Cheadle, had hard luck when the horse he was riding, Shepard Lass, reared up and fell over on him, but he managed to get clear in time, though running a narrow escape.

The Waterin boys, of High River, put up some good rides, but had some hard luck. Eddie Waterin tried three horses before he got a bad one, which tore around the outside of the corral, and tried to scrape him off, and finally dumped him over a tent at the side of the corral.

At the conclusion o fthe finals, the judges consulted for a few minutes, and announced their decision that first money, $100, went to Pete Vandermere, 2nd, $50 to Charlie McDonald, High River, Alberta's exchampion; and 3rd to Dick Cosgrave, Cheadle. The decision of the judges was not popular with some of the crowd, who though that McDonald should have got first, but most of the people had confidence in the ability of Judges Moorehouse, Warren, and Watson, all old cowpunchers, to give the right decision. Other cowboys who made good rides during the course of the afternoon were Alex La Frombeau, Saskatchewan champion; Paul Ryan, Hank Upton, Coyote Frank, and Cap Miller, Cheadle.

The Steer Riding

The steer riding was faster, and even better sport than the horse bucking. The steers were strong and real wild, and the first three riders up got thrown. The winners in this event were F. Wismore, F. Bone, and Alex La Frombeau.

The wild horse race, and the milking competition were cancelled on account of there not being enough entrants, but the stampede events were going till almost 6:30 p.m. so there was no lack of sport throughout the day.

Most of the bucking could not and they have the intention on Thursday, and though they competed in the racing, and took a number of prizes, there were no entries for the best painted steer or for the best dressed Indian in war paint.

Ticket Girl's Competition

The selling of admission tags was in the hands of young ladies of the town. Miss Ellen Gray was the winner of the first prize of $10, having sold 272 tags, Miss Arie Downey, second, $5.00, with 227 tags, and Miss Sally Wright, $2.50 for third, with 177 tags.

ATHLETIC EVENTS

In the forenoon athletic sports were held on the grounds, and a fairly good crowd was in attendance.

Winners in the various events were as follows:

Half mile open race, 1st, F. Benz, 2nd, H. Buker; 3rd, C. Jones.

High Jump, 1st, B. Plesner; F. Benz 2nd.

Girls' 100 yard race, 12 to 16 years: 1st, Miss McIntyre; 2nd, Miss Collins; 3rd, Miss Wright.

Girls' race, 6 to 9 years: 1st, D. Gardner; 2nd, I. Giroux; 3rd, A. Day.

Married Ladies' Race: 1st, Mrs. Dye, 2nd, Mrs. Layeraft 3rd, Mrs. P. Wright.

Girls' Race, 50 yards, 9 to 12 years: 1st, I Shirk; 2nd, A. Garrett; 3rd, H. Foote.

Boys' Race, 9 to 12 years, 50 yards: 1st, C. Johnson; 2nd, N. Breen; 3rd, M. Moran.

Boys' 100 yard dash, 12 to 16 years: 1st, E. Crellin; 2nd, R. Climie; 3rd, A. Giroux.

Boys' Race, 6 to 9 years: 1st, S. Gray; 2nd, M. Moran; 3rd, J. Butler.

Men's 100 yard dash: 1st, H. Buker; 2nd, F. Benz.

Stampede Dance

Over three hundred couples had an enjoyable time on the floor of the Memorial Hall on the evening of the Stampede, to fine music by an augmented orchestra. The large crowd's supper wants were catered for in first-class fashion by the Ladies Auxiliary of the G.W.V.A.

Financial Results of Stampede

A meeting of the Stampede Committee was held in the Memorial Hall on Monday evening, when the financial report was presented by Secretary P. C. Naismith, and Treasurer J. H. M. Martin. The net receipts from the Stampede were $1453, and from the dance, $185, making a total of $1638. Several small bills have yet to be sent in, but the sum which will be turned over to the Memorial Hall Fund will be between $1500 and $1600.

—o—

THANK YOU

—o—

On behalf of the Strathmore G.W.V.A., I wish to publicly express our gratitude to the Stampede Committee, and all those who helped make July 19th the success which it was. We are especially indebted to the business men, and others, who raised the amount necessary for prizes, and to Mr. F. A. Cott for the whole-hearted way in which he took the management of the stampede in hand. We also wish to thank Mr. Stockton, of the C.P.R.; Mr. Dobson, of the Crown Lumber Co.; and Mr. McParland, of the C.G.T.; for the loan of material used in the grounds, and Mr. F. Miller for his assistance in the handling of the refreshments. We expect that the amount turned over to the Memorial Hall Building Fund will clear up all the indebtedness, with the exception of the mortgage.

The stampede being the first thing of its kind attempted in Strathmore, the day, as a whole was certainly a credit to the town, and to those behind the scheme, and no doubt we shall benefit by our experience this year and make July 19th, 1924, bigger and better in everyway.

P. L. NAISMITH,
President,
Strathmore G.W.V.A.

Chautauqua Opens Friday

The Strathmore Chautauqua opens on Friday of this week.

A glance at the programme reveals the fact that the high standard set in past years is being maintained.

The first afternoon will bring the Florenz Company, comprising four clever young musicians, brimful of personality. They are primarily an instrumental organization, with two violins, cello, and piano. They will give programmes Friday afternoon and evening. Jim Grathwell lectures Friday evening on "Getting By Your Luck," or "Wake Up and Get Big." Mr. Grathwell is a man who has pulled himself up in the world by his own boot straps and his lecture will be a fine one to hear.

On Saturday, July 28, the Swiss Alpine Yodlers will give entertainments afternoon and evening. Mrs. Marie Varney, a distinguished English speaker, will lecture on the "Great World Heart."

On Monday afternoon the Going-Epperson-Bell Co. will render a programme, also that evening. This will include a bit of song, a bit of instrumental music, a bit of whistling, a bit of impersonation—in fact, a little bit of everything. That evening Frederick Poole, M.D., will lecture on "Allenby in Palestine and Lawrence in Arabia," which should be one of the best lectures of the series.

On the last afternoon the Cheney Concert Company will render a program, and in the evening will give a grand concert. Those who are fond of music should not miss this programme. A. D. Carpenter will speak in the afternoon on "The Energies of the Universe," a subject which has infinite possibilities.

Looking over the programme one can easily see it is a real good one. The musical end is particularly strong.

Better arrange to attend the whole Chautauqua. Get out for four days and enjoy life. Harvest will soon be here with its hustle and bustle and the family will appreciate a few days real enjoyment and relaxation before the real busy season.

THE STAMPEDE

Strathmore's ambitious effort in sport-promotion is now history, and the kind of history that makes good reading. The weather came up to every expectation, and the sport was good. The Memorial Hall Fund will benefit very substantially, and Strathmore is on the map as a good sport town, which is of some business as well as social advantage.

The Stampede was only made possible through the hearty co-operation given by the people of town and country, and it shows what can be done by pulling together. There is every probability now that a permanent sport ground will be secured, and the Stampede become an annual event.

WHEAT MARKETING

The information that Aaron Sapiro is coming to Alberta next month at the invitation of the Calgary Herald and Edmonton Journal is looked upon by many as the most important news of the week. It is a striking example of Journalistic enterprise, and our contemporaries are to be congratulated on their action.

What is probably most important about this move is that it implies that the business people of the province are taking a deeper interest in the subject of wheat marketing than they have done in the past. The price to be paid for wheat is the factor that spells success or failure, not only for the farmer, but for the other industries of the province. Alberta at the present time is primarily an agricultural province (and every line of business in the towns and cities is dependent on the farmer. From the other side, of course the farmer is dependent on these businesses for the supplies he does not himself produce, and the development of these businesses means a larger home market for his produce.

Wheat is the only crop grown in this country for which a large export market is available, and therefore is the prime source of new wealth. It provides the proceeds by which the various debts contracted by the province are paid.

The main reason for the present discussion is that for the past two seasons grain has had to be sold at less than cost of production, and the indications for the present season are not any too promising. One reason for this is that grain is dumped on the market immediately after threshing. The consuming population of the world can't absorb the crop in that period, so that between the time it leaves the producer's hands until it reaches the consumer, credit has to be provided if the farmer wants his money right away. This credit has in the past been provided largely from speculative sources, and the price paid both by the farmer and the consumer for this accommodation has been deemed exorbitant. Farmers who are in good circumstances, financially, have in the past held their grain, or taken options. They are selling their grain on more of a business basis than the farmer who dumps it on the market immediately after threshing, even when the price is less than that of production. Many farmers are forced to sell at the market price in order to meet their obligations, and they cannot therefore be blamed for this.

Wheat raising and selling cannot be compared to an ordinary industrial business, for at the beginning of the season the yield cannot be estimated. This season's crop for Alberta now looks as if it would be three times as large as last year's.

But all problems are capable of a solution, and it is for this reason that so much importance has been attached to the visit of Aaron Sapiro. He is not a fanatic or a visionary, but has the best grasp of co-operative merchandising problems of any man on the continent. He has succeeded in organizing co-operative societies throughout the U.S.A., which have proven successful, and there is no doubt that his advice will be a stimulus towards the development of a better system here. Sapiro endeavors to enlist the co-operation of every class in the community in co-operative projects, and as the farmers' problems are the problems of all of us, we hope that every assistance will be given in the development of a sensible system of marketing, with the producer at the helm.

Boissevain Boils Over

Editor, Strathmore Standard:

Last night I felt as sore as a boil, after coming out of the U.F.A. meeting, when I met two farmers of this district, who use a considerable amount of binder twine, but had not attended the meeting at all. Both men are quite able to speak for themselves, and both asked me as to the results, of which I gave them the most meagre information. Both were dissatisfied, and both though something else should have been done, but I left them talking and objecting to their heart's content; cussing the union, etc. Both these men could have votes, and both had opinions of their own, and could lavish them on the night air; but neither one had sense enough to do so at the proper time and place, where their objections, if sound and business-like, would have carried weight, and might have changed the attitude of the meeting to their own advantage, and that of their fellow farmers. In the spring time, too, one young fellow said, "what are the U.F.A. doing about binder twine?" "They should have had this matter up for consideration at least a couple of weeks ago; had they taken action then it might have made a difference of several dollars to me."

Just two weeks ago last Saturday this matter was up for discussion, or very nearly three week ago. I told him, but there were so few farmers present that the meeting could take no action. Had just you and a couple more indolent, care-nothing-for-nobody, (and, of course, yourself included) stick-in-the-muds, paid some attention to your own business you would likely have been in a much better position today. One cannot always hit these fellows a crack like I did some thirty years when on my homestead in Saskatchewan. I belonged to the Patrons of Industry. At that time ran a feed grinder, and on Thursday it was chopping day, when several neighbors would bring in their grain. On one of these days about five or six of us were seated at dinner when one of our bigger farmers said: "What are you fellows doing about the price of pork? "Just yesterday I have again had to sell some 8,000 pounds of pork at five cents a pound." "Which of us fellows do you mean, Mr. Browney, whom of us are you paying to make you a better price on your pork?" "I mean you Patrons of Industry—what are you fellows doing?" "Look here, Mr Browney, had you attended to your business as well as we are doing, and turned out to the meeting last Saturday, you would have learned that the price of fresh pork was seven cents a pound from 5,000 to 10,000 pounds and more than that, would make eight cents; and that the amount of pork from other members would have raised your price to eight cents." On one hand the discomfiture (for B. was very closefisted) and on the other the merry hee haw, was a scene not easily forgotten.

Alas! as I said above, it is not often we get such a chance to "rub it in", but believe me, it is good when it comes.

Nevertheless the unorganized farmer firmly believes he can handle the highly organized interests best by his lonesome, and so he has grown used to getting skinned, and, as was pointed out recently at one of our meetings, that more appropriately he now enjoys getting scalded and scraped as well, which is, of course, quite natural.

In the very vague hope that these lines may aid in adding to U.F.A membership.

Yours in the fight for the underling,

DANIEL F. BOISSEVAIN

SPEAK NO IDLE WORD—But I say unto you, that every idle word that men shall speak ,they shall give account thereof.—Matthew 12:36.

July 28

TIME NO OBJECT—But, beloved, be not ignorant of this one thing, that one day is with the Lord as a thousand years, and a thousand years as one day.—2 Peter 3:8.

July 29

PRAYER IN THE MORNING—My voice shalt thou hear in the morning, O Lord, in the morning will I direct my prayer unto thee ,and will look up. —Psalm 5:3.

July 30

THE WHOLE HEART—Blessed are they that keep his testimonies, and that seek him with the whole heart.—Psalms 119:2.

July 31

HUMILITY OF CHRIST—Let this mind be in you, which was also in Christ Jesus. Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves.—Phil. 2:5,3.

ARDENODE NOTES

—o—

The heavy rain prevented some of the ladies from attending the U.F.W.A. meeting last Tuesday at the home of Mrs. John Taylor. Rev. James, of Nightingale, who should have addressed the meeting was well drenched, and was obliged to turn back. However, his presence is promised at our next meeting, and we hope that the weather man will act favorably. The meeting opened by singing The Maple Leaf. A keen discussion followed the reading of the paper, "Make the Child Happy," by May Gothard. Mrs. O. R. Booth then gave an illustrated reading, "A Holiday on the Farm." Points of emphasis were that a rest does not always mean to go away from home.

Did you ever hear of a doctor prescribing to a patient to go to the city for a rest? Much rest of mind as well as of muscle can be employed by being an enthusiastic worker in the U.F.W.A.

The hostess then, in her liberal taste of eats, served the ladies to a sumptuous luncheon.

Remember and come to the next meeting, July 31, at the home of Mrs. Rbt. Kearns. Roll call, Scripture verses, Topic, Benefit of Religion Taught in Our Schools, by Mrs. Gothard, Sr.

NEXT WEEK WITH THE CHURCHES

—o—

Sunday, July 29, 1923.

—o—

NAMAKA—Combined service opening at 11 o'clock. N. A. Espey, Supt.

CHEADLE—Combined service commencing at 2:30 p.m.

23	59.2	92.0	

Keoma Notes

—o—

The U.F.A. held a meeting on July 14th, the attendance was poor, but quite a few important items were discussed.

The majority of farmers in the Keoma district seem to think they can paddle their own canoe; but if we don't wake up shortly, and organize to better our conditions, we shall be crushed to death by the upper hand of other organizations.

Mr. and Mrs. A. J. Wildig, and S. B. Allsop and family, motored to Strathmore Stampede on July 19th. They report a real wild and woolly time.

Mr. P. W. Bandrob is raising dust with his new Studebaker car, and that isn't all he is raising—a record crop of wheat, which looks like fifty bushels to the acre is also to his credit.

Keoma is stepping on the gas these days with the promise of a bumper crop. This district is going over the top, and everybody is happy and wearing a big smile.

Mr. Busch, local agent of National elevator, who has just arrived from Standard, has been called away to the bedside of his boy, who is seriously ill.

A nice well-matched game of baseball was played on July 14th, Keoma Ladies vs. Bruce Lake Ladies. The score was 9-6 in favour of Keoma.

Mr. and Mrs. C. Thompson and family have left for a motor trip to Portland, and other points.

Mrs. T. Hull, Keoma school ma'am, is attending summer school in Edmonton.

The ladies aid were entertained by Mrs. W. N. Rintoul on the 17th inst.

The farmers are enjoying the beautiful weather which gives them hopes for a bumper crop.

Mr. and Mrs. "Lofty" Brown are receiving congratulations on the birth of a baby boy, who shows signs of a good left hand pitcher, like unto his dad.

Radio fans in Keoma and vicinity are warned of having the necessary receiving license before the local A.P.P. makes his round.

A very exciting week was enjoyed by the prize winners of last year's Kathryn and Keoma school fair. They were given a short course at Olds Agricultural School, which consisted of lectures, demonstrations in horticulture, field crops, carpentry, judging livestock, domestic science, games, and physical training. They had to get up at 6:30 a.m. by the bugle call. Physical training was then gone through. It took a long hard and strong pull to get through that part of the course, but every one enjoyed it and then did justice to the hearty breakfast which was supplied. They also enjoyed games, singing and picture shows. Everything was done by the staff to make their stay as pleasant as possible. There were 102 children attending the course, and all wish to thank the staff of the Old's Agricultural School for their kindness to them.

Austin Ranby was one to enjoy the Old's course.

Mrs. Boyack, her sister, and two small boys had a very narrow escape: the horse thinking the fence was the best place for the buggy, and tried its best to get away. They managed to hold the horse until Mr. McKenzie came to their assistance.

Mr. J. A. Ranby's sweet clover and alfalfa hay seems to have no end, by the number of stacks we see on his farm.

—o—

We would recall to our readers that the "weather prophet," Mr. Foster, predicted that Western Canada would suffer from a great drouth this year. Perhaps, as Bob Edwards used to say, he is growing old and can't see the dice as well as he used to.

—Bassano "Mail"

ROMAN CATHOLIC CHURCH

—o—

1st Sunday of month, Mass at Carseland 9 a.m. Strathmore 11 a.m.
3rd Sunday of month, Mass at Langdon 9 a.m., Strathmore at 11 a.m.

'Rev. J. E. DUGGAN,
Pastor

—o—

One of the riders at the Stampede had his saddle stolen during the night following, but it was recovered for him the next morning through the good offices of the Stampede manager, the party who took it having hid it in a field near town.

The Crowfoot boys had a real old time chuckwagon in Thursday afternoon's parade. They would like anyone who took a photograph of the wagon to phone 1209.

Tommy Eves rode a real bucker sawhorse in the parade Thursday. He also would like a photograph, but it would take a big camera to get him all in the picture.

Local stores will close Wednesday afternoon ,to give everyone a chance of attending Nightingale sports. Night. ingale has always had a reputation for holding good sports, and they have been particularly favored by nature in regard to the grounds, so that a crowd of any dimensions can be accommodated.

Mr. Ulysess Joseph Heblund, Miss Dolores and Harold Heblund, returned to their home at Minneapolis after a three weeks' visit to Mrs. Fred Benz. Mrs. R. Anderson, of Claresholm, and Miss Elizabeth Benz are also visiting with Miss Benz' parents.

Ernie Wright, son of Mr. and Mrs. Oliver Wright, had the misfortune to fall from a horse he was riding Sunday, fracturing his thigh when going over the crossing at First Street, Strathmore. He is now doing as well as can be expected, but it will be some time before he is able to be out again.

Mrs. K. S. Leland, mother of Mrs. E. E. Thompson, died at Halton, North Dakota, on Wednesday, at the age of 77 years. Much sympathy will be felt with Mrs. Thompson in her bereavement.

Under the name of Madame Luella, Mrs. Sam Richardson, conducted a fortune-telling tent at the Stampede, and was able to benefit the Memorial Hall funds considerably.

The Nightingale store has changed ownership, having now been taken over by the Alberta Mercantile Co.

The Star Cafe will be re-opened on Friday of this week by Wong Wing, formerly of Carseland. Details will be found in our advertising columns.

Monday was the hottest day of the year, the shade temperature reaching 92.

Since the success of the Stampede, many have asked "Why not a permanent fenced in track and corrals?" There are several locations near town, but it has seemed to us that the track could be built on part of the land now used as a golf course. This is only pasture land, it is near town, and the land could be got cheap. Fences would not interfere with golf. Indeed the whole of the land could be taken over by the town as a Municipal Golf Course, and it would be a revenue producer.

Mr. Tom Scotland, C.P.R. representative in Glasgow, Scotland, was in town last week, having taken a number of immigrants from Scotland to Canada. Fifteen Scotch farm hands went to Mr. Geo. Lane's Namaka Farm. Mr. Lane having stated that he would have nothing else but Scotchmen. It will soon be in order to change the name of Namaka to Auchtermuchty or Ecclefechan, or something like that.

Mr. and Mrs. Jos. Van Tighem are at present on holiday in B.C.

Many entries are already being received for Langdon Fair and Sports which will be held on Friday, August 3rd. A big number of Langdon people attended at Strathmore Stampede, and Strathmore folks who return the compliment are assured of a good day. Langdon is the nearest fair to Strathmore, and they have pluckily kept going under adverse circumstances, where Gleichen and other have abandoned their fairs. Entries from Strathmore district will be welcome at Langdon.

Don't forget—Nightingale Sports next Wednesday.

Master Edwin Cott is going to a private school in Calgary for two months.

This is a big time for sports. Rockyford are holding their tenth annual sports on July 26th, and are offering a first-class programme.

Miss Alice Barry won first prize for waltzing lately at the Hickman Hall, Calgary.

People from all over the province were in attendance at Strathmore Stampede, but among those whom we noted were Mr. Hugh Miller, of Irricana; Dan Kehoe, Tudor; Mrs. H. F. McDonald, Bassano; Tom Campbell, Dr. Birch, Andy Baxter, S. W. Gilfoy, and F. C. Potts, Calgary.

Someone took Dick Cosgrave's stetson hat from the Memorial Hall during the dance on Thursday evening. Possibly the party wanted it as a souvenir of the boy who put up one of the most gallant rides of the day, but Dick needs the hat, and would be glad to have it returned, without asking any questions.

Mrs. J. H. M. Martin and son, Rowe, left Strathmore recently on a three months visit to Fredericton, N.B.

Admired Hair Is Shampooed This Way

Hair that gleams with life and color

Women admired and envied for their richly beautiful hair know this secret. Hair specialists agree that it beautifies hair.

Olive oil for the shampoo!

It has been used since history began. For its gentle cleansing action removes all dirt and oil from scalp and hair. Dandruff is dissolved and washed away. And the bright sheen of life and color is greatly increased.

It leaves hair fluffy — never dry or brittle. It leaves hair silky and pliant as a baby's — with the inimitable gloss so much desired.

Thousands of women now regularly treat their hair this beneficial way. They use PALMOLIVE SHAMPOO — olive oil in its most perfect form for the shampoo. Easy to use. And very economical.

You can get full-sized bottles at your dealer's. Or, by mailing coupon, you may have a 15c trial bottle free. Get some at once. Use it. See the results that follow even one shampoo.

THINK FIRST

* * *

Judge: The prosecuting attorney was examining the negro witness.

"Now, Mose," he said, "tell us what you know about this fight."

"Well, boss," began Mose, "I think—"

"I dont want to know what you think. Tell us what you know."

"I think—"

"I told you not to tell what you think."

"But, boss," said Mose, apologetically, "I ain't no lawyer. I can't talk without thinking."

EVENTS AND LEGISLATIVE ENACTMENTS AS THEY EFFECT AGRICULTURE

—o—

We have received from the Department of Agriculture, an article by Hon. W. R. Motherwell, dealing with Parliament, and this session's agricultural legislation. As the article is lengthy we can only give a synopsis which is as follows:

A number of Acts have been passed such as "An act to amend and consolidate the Acts respecting Live Stock" and "An Act to regulate the sale and inspection of Fruit and Fruit Containers," which can be merely referred to here as containing very important and up-to-date legislation in their respective fields. The same may be said of the amendments to Feeding Stuffs Act and the Dairy Industry Act, the latter of which provides for the prohibition of the manufacture and importation of filled butter, filled milk, and filled cream—three pernicious practices that were quietly but persistently establishing a foothold in Canada to the great detriment of the dairy industry.

In addition to this important legislation affecting one of our chief corner stones of Canadian agriculture—dairying—was the fight to a finish during the last Session on the question of whether the prohibition of the manufacture and importation of Oleo, would be again reverted to, as it existed thirty years prior to 1917. By a non-party vote of fifty-four to one hundred and twenty-five Oleo, for the time being, received a solar plexus blow that will take some recovering from.

The removal of the British Embargo against Canadian cattle has had a greater direct result in improving the farmers' market than any other single move that has been accomplished during the past few years.

There is not a live stock man in Canada but recognizes clearly the tremendous advantage it would have been to have had this market last fall, and what a calamity it would have been were it not available this year.

Menion might also be made of the granting of certain bounty on twine and cordage made from hemp, for the purpose of establishing a hemp industry in Western Canada—a movement well worthy of a moment's consideration.

Following the reduction of freight rates by the restoration of the Crow's Nest Pass Agreement, important legislation has been passed designed to control and regulate lake rates, which soared to such alarming proportions last Fall.

The personnel and work of the newly-appointed Royal Grain Enquiry Commission, presided over by Mr. Justice Turgeon, is another indication of the desire of the present Government to serve agriculture.

The increase of the estimates of over half a million dollars for the Eradication of Bovine Tuberculosis, twenty-five thousand for further experiments in the exportation of chilled beef and ten thousand for experimentation with the dehydrating of fruit, all speak for themselves and indicate a further desire to grapple with first things first in the solution of Canada's many agricultural problems.

—o—

Standard News

Mr. and Mrs. Carl Millak are being congratulated on the birth of a son, born on Wednesday, July 11th.

Frank Kroon has returned home from a visit to Nebraska.

Mr. and Mrs. Arthur Young and family of Armstrong, B.C., were visitors last week-end of Mr. and Mrs. J. Pringle, having motored here via the Banff - Windermere trail.

Mrs. Fred Christensen left on Monday last on an extended visit to Denmark. She will visit Mr. Christensen's and her own home there. On Saturday evening, July 14th, her friends gave her a delightful farewell party.

Miss Alberta Pringle accompanies Mr. and Mrs. Arthur Young on their return trip to Armstrong, B.C., where she will spend several weeks.

Quite a few Standardites motored to Wayne to attend the picnic on the 15th.

Miss Margaret Wilson, of Calgary, is the guest of Mr. and Mrs. Paul Bushman.

Mrs. Crossby, and granddaughter Dolores Vonappalup, of Calgary, are visiting at the home of H. U. Larsen.

Mr. and Mrs. J. F. Pringle, Wallace Pringle, and Mrs. D. F. Young left on Tuesday last for a motor trip through Cardston and Lethbridge.

Mrs. Paul Bushman entertained Mrs. S. B. Francis, Mrs. Fenske, Mrs. Wirt, Mrs. Dickson, and Miss Ruth Francis last Wednesday afternoon.

A large number of Standard people attended Chancellor Sport's Day on the 19th, while others from Standard took in the big stampede at Strathmore.

Miss Patricia Mayhood, of Calgary, is the guest of Miss Edna Myrthu.

Mr. Walter Mellsen returned to Standard on Wednesday, July 18th, from Washington.

—o—

NATURAL RESOURCES

* * *

Canada has a large percentage of the world's resources: 85 per cent. of the world's nickel, 32 per cent. of the world's pulpwood, 20 per cent. of the world's lumber, 20 per cent. of the world's cured fish, 18 per cent. of the world's oats, 15 per cent. of the world's potatoes, 12 per cent. of the world's silver, 11.5 per cent. of the world's wheat, 11 per cent. of the world's barley, 4 per cent. of the world's gold, and 4 per cent. of the world's copper.

LIQUOR PLEBISCITE

MODERATION LEAGUE OF ALBERTA'S VIEWS ON THE PRESENT SITUATION.

—o—

If the mere passing of a law can be so potent as to wipe away the drink evil, we should bring before our legislature all of our social evils, and we could then dispense with the heavy expenses of churches.

The Alberta Liquor Act has not prohibited the use of liquor as a beverage, and under it the government of Alberta has lost control of the sale of liquor. So true is this that the bootlegger has now no real opposition.

For this reason the mass of the decent citizens of Alberta will, on November 5th next, replace the present Liquor Act of Alberta by government control and sale of all liquors by marking their ballots "1" for Clause "D".

Why You Should Prefer A Chevrolet

—o—

The Chevrolet is built for "Economical Transportation" and delivers it. It is the world's lowest priced fully equipped automobile. Any combination of Chassis and body which operates as a self propelled mechanism may be termed an automobile, but if it lacks important modern accessories or parts, which must be bought to complete it, this cost must be added to the original selling price. As to comfort and efficiency tens of thousands of Chevrolet owners will vouch for its Superiority. Comparisons are invited, for comparisons sell Chevrolet. Chevrolet has become the world's greatest motor car value.

AUSTRALIANS MAY FIND IT AWKWARD AT SAN FRANSISCO

—o—

With British Quota Exhausted They May Be Forced to Come to Canada

—o—

SAN FRANSISCO, July. 21—A number of Australians and New Zealanders may find themselves "without a country" for a few weeks when they reach this port next week on the liners Venture and Tahiti from the Antipodes.

The fact that a number of Russians now are here in detention camp at Angel Island awaiting Washington's decision on their status under the Immigration law, reminded officials last night that the British quota, like the Russian, under the immigration law, is exhausted for this month, and that citizens of Australia come under the heading of Britishers. Unless some dispensation is made, any intending settlers from the Antipodes will have to return to their homes, or go up to Canada for a while.

Baintree Notes

—o—

At an executive meeting of the Bow River Political Riding held recently, the resignation of Mrs. Puncke as director, was received and accepted.

Mr. F. E. Wymen, who is president of the Baintree U.F.W.A. was unanimously elected to fill her place.

A car of lumber is being ordered by the U.F.A. and all members who desire building material should place their orders with W. A. Hiatt without delay.

Everybody in the country is happy except at Irricana where a little controversery is going on over the liquor question. If this this is a free fight, shoot the bottle here fellows, and we'll say you are both right.

Miss Wilde, of Toronto, is visiting her sister, Mrs. P. J. Lyons.

Ed. and W. A. Lyons report hail losses from the storm of the 8th.

A month ago when wheat was a fair price, we figured on introducing a real live Elizabeth Ford to our family, but judging by the way the market is going at present, we'll be lucky to get a new wheelbarrow.

Mr. and Mrs. Lee Haymond, of Leslieville, were the guests of Mr. and Mrs. Dick Jacobs last week.

Billy Lyons is sporting a new car, no wonder—look at the crop he has. Pete Deabon has also become a speed demon. Look out for the hill at our place Pete, and don't run into our goat or that "lizzie" of yours will surely meet her Waterloo.

Mr. and Mrs. Fenton Smith motored to Banff on Thursday to join the party that left Baintree the previous Monday.

Ever hear this one? During a big battle on the Western front, a colored gentleman, wearing a uniform of Uncle Sam, was running like a scared-a-gun to the rear, when an officer stopped him to inquire the reason for his haste. Capt. I is a running away from the biggest shell in the German army." "How do you know its the biggest shell in the German army," inquired the officer. "Well, sir, it's just like this. I seed it when it was passing me, den I seed it again when I was passing it." We'd hate to have that coon stealing our chickens, for we could do nothing except sit down and watch his dust.

Preparation for the sports on Thursday are going on well, and a good sports is anticipated.

* * *

The members of the Tudor Union circuit accomplished quite a feat last week in moving the parsonage, which is a two story house 24 x 26 from Tudor to Rockyford. The accomplishment was more than it would seem to be at first thought, owing to the fact that not a man on the job pretends to be a mover of houses. The secret of the thing seemed to be that every man did his best to assist, and while it was certainly a real hard job handling heavy timbers and everybody tired every night, yet these workers say it was lots of fun and nobody got out of humor. So now to look at the house and barn, they have the appearance of ordinary buildings that might have sat in their present location for the past five years. The cost of the moving will be very little when we take into consideration the fact that every bit of work, including Mr. Hovey's and Mr Benstead's trucks were donated. There will only be the expense of the moving trolleys and going through the telephone wires at Tudor, and a few other minor items to be paid in cash. Thanks are extended to a friend who would not charge for a team and wagon to bring some concrete blocks from the old foundation at Tudor to Rockyford.

* * *

Quite a few of the members of the Beaver's camp of Trail Rangers, of Rockyford, are preparing to go to the camp for ten days. The camp this year for this district is near Namaka on the Bow River. It would be difficult to estimate the value of the organization of Canadian Standard Efficiency training (abreviated CSET) for our boys, and we feel very grateful, indeed, for the part the ministers take in giving the boys of this organization a training that will go with them through manhood.

When we look back over our past two-fold years we often wish we had some of the co-operative methods of teaching us the problems of being the most useful men for our country economically, politically and socially, and we hope each and every boy will realize the opportunity at hand to secure the most out of the camp for the development of his manhood.

* * *

Sherman Browne, son of Cecil Browne, of Tudor, had the misfortune to get his leg badly cut, and had to have quite a number of stitches put in. He is doing nicely, though at the Rockyford Hospital.

* * *

To Mr. and Mrs. W. E. Miller, a daughter, "Ala boy Billy".

Mr. Braxell has installed quite a number of new combination post office boxes. This is prompt action as Mr. Braxell was only recently appointed post master at offeleyford.

* * *

August Stinn's oldest boy, Alphonse, met with an accident when he was thrown from a horse and had his head cut. He was taken to Rockyford Hospital.

* * *

Stavely ball team has challenged Rockyford to play for the Brewers Trophy, and Stavely will arrive here on Thursday evening to play Friday and Saturday.

* * *

Gordon Weir gave his farewell concert here Monday night. Quite a number attended and were well repaid for their entrance fee. The whole community joins in wishing Mr. Weir every success in his training as a soloist, and hope to hear of great achievements for him.

BRITISH COLUMBIA ACT TO BE BASIS UNIFORM GAME LAW

—o—

Chairman of B. C. Conservation Board Requested To Draft Legislation.

—o—

VICTORIA, July 21—British Columbia's legislation for the conservation of game may be used as the basis for a uniform law to be adopted in all provinces of Canada, according to M. B. Jackson, chairman of the game conservation board, who returned today from a series of conferences in Golden, B.C., and Winnipeg (where the game affairs were discussed.

Mr. Jackson said he had been requested by the five governments represented—Alberta, Saskatchewan, Manitoba, Ontario and Quebec—to draft legislation along the general lines of the British Columbia act and incorporating the features specifically required by the other provinces respectively for general adoption throughout the dominion.

It is expected the government will support the legislation proposed and preparation of the bill will proceed at once, so that it may be submitted to the next session of the legislature.

—o—

RYE HARVEST IN PROGRESS

The cutting of rye is in progress in the southern part of the province. This crop will be rather lighter this year than last, but there are some heavy stands in some fields.

Student Dumbell—"The guy Babe Ruth made famous."

Canada Faces the Future With Confidence

CANADIANS have always been noted for courage, optimism and faith in their country.

Canada was not built up by pessimists, nor will Canada continue to develop if her people allow themselves to become croakers and pruchers. Canada is fundamentally an agricultural country. We have a soil and climate which can grow the world's finest agricultural products.

Canadian farmers who have earned the capital invested in their farms out of profits in farming are numbered in thousands. These successful farmers have paid off their mortgages, stocked their barns and stables, bought their machinery, made a good living and brought up their families. It meant hard work, but today they are independent.

We Must Cut Production Costs

Canada is meeting with the keenest competition in the marketing of her products. To hold her own and regain her place on the world's market, she must reduce cost of production.

The only way to do this is to increase production per acre, per cow or per other unit.

But improved quality, also, is essential to meet market demands.

The quantity and the quality of the products and the cost of production in competitive countries is beyond our control.

Prices of agricultural products are regulated by world supply and demand.

Hence, decreasing production will not help the Canadian farmer.

Money in Mixed Farming

In recent years, at different points on the prairies, oats fed to steers have brought from 70c to $1.07 as against the Fort William price of 42c per bushel, while barley used for the same purpose has brought as high as 99c as against the Fort William price of 57c per bushel. Farmers marketing their coarse grains in this way lower marketing cost, have a sure market and make money on their grain, while at the same time they market their roughage, otherwise often wasted.

The cattle embargo is now off. Steers are worth more money and certain to make good money for the Canadian farmer from now on.

Money in Pigs

The Dominion Experimental Farms have proved by actual test that there is a profit in feeding pigs. Last year at the Central Farm, Ottawa, after paying for feed, labor, interest and depreciation, the net profit per pig was still $4.63.

Profits from Sheep

As money-makers, sheep are hard to beat. In every Province from Prince Edward Island to British Columbia are found many flocks returning generous profits to their owners.

Poultry Pays

Poultry makes money for those who adopt modern methods, whether East or West. Little Prince Edward Island markets co-operatively in carlots, shipping annually upwards of one million dozen eggs. The British Columbia Co-operative Poultry Men's Exchange markets in the same way, thus saving ruinous glut in their local market.

There is a market for good Canadian horses, whether light or draught.

Grow Seed

Canada's Northern grown seed possesses extra vitality. There is a large market for it to the south. Canada exports seed potatoes, but imports other seeds. She has the opportunity to grow seeds for herself and for export.

The Future

Ten years from now the pessimists of today will have been forgotten. Britain has removed the embargo against our cattle. She wants our beef and bacon, our cheese, butter, eggs and apples, our wheat and flour. As the population of the United States increases, she will compete less and less against us on the British market. Eventually, she will herself be an importer of many other food stuffs besides wheat from this country.

Canada has the men, the climate, the land, the stock and the potential markets necessary for agricultural success. Let us farm with all the industry and science we can muster. Let's get to work and pay our debts. Canada is moving forward with confidence in its future. Let us keep going ahead.

Have Faith in Canada

Rosebud News

—o—

Mr and Mrs. Crowe are the proud parents of a son, born July 19. Mother and baby are doing nicely.

The baseball boys' dance, held in the Casebolt barn was not patronized as well as was hoped, although expenses were cleared, and the crowd was just large enough for a good time. Music was from Drumheller.

The U.F.W.A. met with Mrs. H. Summers last Wednesday, and a quilt was started. The ladies are planning on a banar and food sale, to be held around Hallowe'en, and the quilt is a beginning. A delightful lunch was most tastefully served. Mrs. A. F. Thompson poured tea.

A change in the Hymn books has been made at the United Church. The board of managers have purchased the Canadian Hymnal instead of the Book of Praise.

Don't forget the U.F.A. dance in the Casebolt barn on Friday, July 27.

Miss Georgia Kemp gave a party to the young people in honor of her friend, Miss Irene Leapheny, Saturday, July 21.

Mrs. J. C. Patterson has been confined to the house with a severe cold and sore throat. It's hard luck not to be able to talk over the phone.

Mrs. J. MacLaughlin has returned home from an extended visit in California.

Mrs. Homer Jones has been visiting in Carstairs and Olds.

Children and many adults are enjoying the "old swimming hole" in the Rosebud, back of the MacCallum home. There is a nice sandy beach and no big holes in just that spot.

Mr and Mrs. R. W. Brunner, Dale and Vance Hunter spent a few days at Pine Lake last week.

Miss Mildred Cole, of Calgary, is spending her holidays with her mother in Redland.

The annual election of officers of the Rosebud Co-operative Association took place on Saturday, July 21. J. Stanley, and Lester Comstock were re-elected president and secretary-treasurer respectively. Mr. Hymas resigned from the board of directors, and "Doc." Kemp is to fill his place. The other directors still hold office. The business has increased so that Merle Jones is helping J. W. MacCallum during the rush.

Don. Smith, chore boy at the Morton ranch, suffered a broken shoulder Thursday by running into a guy wire of a telephone pole. He is now in the Drumheller hospital.

Ford

97 17/100 %
Made-in-Canada

The entire Ford, with the exception of very few parts (2.83 per cent.) is produced in Canada.

FORD, ONTARIO

W. C. Brown, Strathmore Alta

Mrs. C. R. MacBrien has gone to Carstairs to bring home her children, Keith and Jane, who have been visiting their sister, Mrs. L. H. Jones.

Mr. Ayres, of our local bank force, has been transferred to Vermilion, Alta.

Mr. Babcock, son of Mrs. Reeve, the writer, is now taking Mr. Ayres place at the Canadian Bank of Commerce.

Miss Francis Gannon and friend, of Ontario, are the expected guests of Mrs. Angus MacLaughlin.

Mr. and Mrs. W. V. Kemp, and daughter Georgia, and Miss Irene Leapham spent a few days in Bowden this week.

VERY UNUSUAL

—o—

A London family found a good deal of cream on a bottle of milk which had been standing overnight.

When the milkman called in the morning the servant held it up to the light and said: "Look here, I have never seen anything like this before on your milk."

The man looked at it for a moment, scratched his head, and replied: "Well I don't know what's the matter, but you can throw it out and I'll give you a fresh bottle in its place."—Tit-Bits.

Saving and Investing

"Investing" your money is a serious matter—not to be done in a hurry.

Think twice and ask advice before investing. Be guided by experience—preferably your banker's.

Successful investors always keep in close touch with their bank.

"Double your Savings; It CAN be Done."

Slats' Diary

Friday—Pa is a queer sort of a fellow when he is out driveing in the 2nd handed ford. Today when he was a taking nig I and ma out for a short ride we meets a farmer a driveing a wazin and pa was busy telling ma & I how we shud ought to drive when a emergency rises up and he went and tuk a wheel off of the farmers wagin and went rite on & never give the poor man a chance to opologize or nothing.

Saturday—Pug has got a new baby sister down at his house and us kids aet him was he glad to get it and he sed Well yes he was kind of glad all tho he wood rather it wood of ben a boy so he cud ben him to play it ball and fite and Etc. But enny ways he was glad because it wassent enny fun to leave the cat no more.

Sunday—Me and Jane has made up agen and are on good terms agen. I ast her sufternoon if she diddent like me and she answered & sed Well yes in a way. And I sed Well in what way. And she says O just Away. So what ever she ment xackly I gess it is all rite agen.

Monday—My cuzzen Clarence was a telling us about a wedding witch he went to a few weeks ago as a spectator just acrost the river. The fellow witch was acting as the leading man use to be a prize Fighter and was pritty absent minded I nthe head and when the preecher cold them to join hands he done so and then left loose with a left upper cut witch put her to sleep and they had the wedding Postponded undefinitely till the near future.

Tuesday—Ma was asting pa why diddent he go and study sum thing and get a education so he cud go and hold a beter job and pa sed he wood only he was afrade he wood get his wages raized and half to pay income tacks.

Wensday—Jakes pa went to the Dr. agen and when he comes home he sed the Dr. had given him a diagnossis and his wife was a looking all over the house and finely she set him where in the wirld he had put it. She was afrade he had lost it.

Thirsday—Pa was sick this morning and I was telling Eter that he had a cute Indigestion and she sed O thats nothing we have got a cute little Boston bull Pup named Pat up at are house the cutest thing you ever seen.

* * *

This district was well represented at the stampede, and took part in the programme as well. One lady experiencing a prize in competition to the other five hundred ladies there assembled. The sports were good, and the community are to be complimented upon the success in every way.

Namaka News

A carload of cattle was shipped from here on Thursday last, and disposed of through the U.G.G.

* * *

We are pleased to report Peter Baker is progressing favourably, although he will not be out of danger until the later end of this week. Mert Baker had the misfortune to fall last week and break her arm.

* * *

Mr. and Mrs. McIntosh motored to Calgary on Sunday last.

* * *

Mr. and Mrs. H. E. Thompson and family motored to Calgary on Friday last.

* * *

Mrs. A. Nowicky is spending a vacation at Brooks.

A reliable rubbing alcohol compound is daily necessary in the home, the sickroom, the hospital, and the athletic training quarters. PUREST RUBBING ALCOHOL is selling faster today than any other rubbing alcohol compound on the market. Leaders in hospitals, gymnasiums, and athletic teams throughout the country are using it exclusively. Gymnasts, trampers, and all people who work hard with the muscles and body should use it to relieve soreness, lameness, stiffness, bruises and sprains.

The medication, by which this preparation has been made fit for external use only, does not render it unpleasant in smell.

Fine for reducing fever and excessive perspiration, and for relieving inflamed skin and headaches.

IRRICANA NEWS

—o—

(Continued from Front Page)

Misses Underwood, daughters of Mr. W. Underwood, manager of the John Deere Plow Co., Calgary.

* * *

The sports committee, who are in charge of the stampede at Strathmore are certainly deserving of creditable note. The sports were the cleanest and best we have had the pleasure of attending in a long time. The multitude of smiling, happy faces, was distinct evidence of a day well spent. Everyone was there for miles around, except our member, Mr. Buckley, M.L.A., who was noticeably conspicuous by his absence.

* * *

A crew of some 150 in number are employed in the gravel pit of the C.N.R. near Irricana.

* * *

Irricana Giants trimmed the "Vanlee Valley" baseball team, 8-6. Billy Wise and Jack Kurtz turned the trick for the locals.

* * *

Mrs. Percy Hallam and her two daughters have returned from a holiday in the city, where they were visiting friends. The aroma of onions which wafted up and down the valley from Percy's place assured the visitors that Percy was at home, and quite apparent, "Major Domo" of his own domicile. Percy admits that batching is all right, but to revivify Cleo one has to send the family away for a while. We have never tried it ourselves. Hello! Willem.

* * *

We extend our deep condolence to Mrs. J. Hanson and Roddy Hanson in the loss of a husband and father. The loss is a very sad one, the late Mr. Hanson being popular in the district. We feel sure our numerous readers who were acquainted with Mr. Hanson will join us in sincere sympathy for the bereaved relatives.

* * *

Mr. Denny Howell was a Calgary business visitor during the week.

The weeds are becoming prevalent throughout the district, and weed inspector Percy Hallam and Bill Rose are making every feasible effort to cope with the threatened menace. The abundant moisture of recent months which have been so beneficial to the crops generally, has far advanced the growth of weeds, while most farmers, by individual efforts, are striving to exterminate the weed growth, but their good work is nullified by the neglect of their neighbors, who prefer to enjoy themselves instead of pulling weeds, and help clean the dirty condition of the land. The sympathy of the community, as a whole, would be with the weed inspector if he should presume to the full extreme of the act, the farmers who trot half over the province instead of bothering to exterminate a matter which is fast attaining a menace.

Mr. Robert Bates, father of Mr. Angus Bates, one of our prosperous farmers, is visiting from Ontario. Mr. Bates was due at his son's ranch some four week ago, but delayed the trip west so as to enable him to renew his franchise against the farmers' government, of which Mr. Bates, at one time, was an enthusiastic supporter.

Classified Ads.

PUBLIC NOTICE

By the Board of Trustees of the Strathmore S.D. No. 1587, of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the Strathmore S.D. No. 1587 of the Province of Alberta, that the sum of $3,500.00 should be borrowed on the security of the said District by the issue of Debentures repayable to the bearer in Ten (10) equal consecutive annual instalments with interest at the rate of not more than eight per centum per annum for the following purposes, namely: Erecting a teacher's residence (frame), and adding to the school buildings.

THEREFORE notice is hereby given by the Board of the said District that unless a poll of the ratepayers of the said district for and against the said debenture loan is demanded as provided by The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

(Sgd.) A. W. GIRVIN.
Chairman

Dated at Strathmore this 21st day of July, 1923.

INSTRUCTIONS TO RATEPAYERS

A poll may be demanded by any four ratepayers of a rural school district, by any ten ratepayers of a village school district, by any twenty ratepayers of a town, consolidated, or rural high school district, but no poll may be demanded when the loan is for the purpose of building a first school house and does not exceed—

(a) In any district other than a consolidated district, $2,000.

(b) in a consolidated district, $5,000.

Every demand for a poll should be delivered to the Secretary of the district, or in his absence, to the Chairman of the Board of Trustees, within fifteen days from the date of posting of these notices. A certified copy of the demand should be forthwith forwarded to the Board of Public Utility Commissioners of Alberta at Edmonton. 8-8-u
